WORLDWIDE COVERAGE

With Silver you are covered all over the world. There are no restrictions on where and for how long you may travel or stay abroad – whether travelling on business or pleasure, or whether you have homes in several countries.

LIFETIME COVERAGE

You can be insured regardless of most pre-existing conditions, possibly with a premium loading or with an exclusion. Our medical staff evaluates whether the insurance will cover the condition. In very rare cases a previous medical history may result in your application being rejected. Bupa's medical consultants conduct an assessment of your condition and decide the terms of your insurance policy.

People of all nationalities who have not reached 75 years of age are eligible to apply. Once accepted, you are guaranteed that the policy will be renewed for the rest of your life – regardless of your age and changes in your health. Even if you develop a long-term chronic illness, your coverage will remain unchanged.

OCCUPATIONS AND ACTIVITIES

Silver covers you both while working and participating in leisure activities. However, professional and dangerous sports are not covered.

YOUR COVERAGE

Silver includes coverage for hospitalization services, childbirth, out-patient surgery and other out-patient services, like doctor's consultations and examinations.

The insurance will also cover your expenses for emergency air ambulance transportation to the nearest appropriate location, if you have a serious acute illness or serious injury and there is no qualified place of treatment locally. If you wish to increase the coverage for air ambulance, you can take out the Air Ambulance Supplement.

In case Silver is not exactly the coverage you need, we have a range of other products available. Please feel free to contact us or our local representative for further information regarding our exclusive product line.

INSURANCE SUM

There is an annual maximum of US\$700,000 in Silver coverage per person, per policy year. There is no lifetime limit, and the maximum overall coverage is renewed every policy year regardless of the number of claims you have presented.

CHOICE OF DEDUCTIBLE

We offer a range of annual deductible options to help you reduce the price you pay for your coverage. You can choose to pay the first US\$1,000, US\$2,500, US\$5,000 or US\$10,000 of your claims for the year. There is only one deductible per person per policy year and this applies to all services. In case of a serious accident, no deductible will apply for the period of the first hospitalization.

The premium level is determined by the deductible chosen. The higher the deductible, the lower the premium.

CO-INSURANCE

Co-insurance is the part of the medical bills you must pay for each hospitalization that takes place in the United States of America or Canada. Once the deductible and the specific reimbursement rates have been applied, Bupa will reimburse 80% of the first US\$10,000 and 100% of the remaining balance. This means that the maximum co-insurance that you would have to pay yourself for each hospitalization in the United States of America or Canada is US\$2,000.

There will be no co-insurance in connection with medical bills for maternity and serious accidents.

CHILDREN

A child who is born of a parent who is eligible for maternity coverage is automatically enrolled in the parent's policy, irrespective of the child's state of health at birth, provided that a birth certificate is sent to Bupa no more than three months after the birth. Even congenital conditions will be covered if treatment is received prior to the child attaining 18 years of age.

For a complete description of the Silver coverage, please see the Table of benefits and the Policy conditions.

SUPPLEMENTARY OPTIONS

AIR AMBULANCE COVERAGE

If you live in or travel to remote areas and you wish to increase the coverage for air ambulance services, you can take out this supplementary insurance. The Air Ambulance Supplement additional coverage is available on renewal only for policyholders that currently have the Air Ambulance Supplement.

The supplementary insurance covers emergency air ambulance transportation to the nearest suitable place of treatment, should you become seriously ill or sustain a serious injury that cannot be treated locally. Expenses for an accompanying person and statutory arrangements in case of death and home transportation of the deceased are also covered. The deductible does not apply to this service.

WORLDWIDE TRAVEL OPTIONS

With a Silver plan your medical expenses are covered on travels outside your country of residence, but by taking out Worldwide Travel Options plan you get extra travel benefits, like next of kin companion and repatriation if relatives at home get seriously, acutely ill. Furthermore, there is no deductible on Worldwide Travel Options; your travel claims count towards the annual deductible on Silver. If you take out Worldwide Travel Options in addition to Silver, you will receive a discounted rate on the travel plan.

The Policy conditions for Worldwide Travel Options are described in separate brochures.

YOUR REIMBURSEMENT

Before reimbursement can be paid out, you must meet the deductible you have chosen. Therefore, when presenting a claim, the reimbursable expenses up to the current maximum benefits will be first applied to your deductible. After that, reimbursements will be paid to you in accordance with the Table of benefits.

In the event that the hospitalization takes place in the United States of America or Canada, the co-insurance will be deducted from the reimbursement.

In addition, please note that all reimbursements are paid in accordance with the Usual, Customary, and Reasonable (UCR) fees for the specific service. UCR is the maximum amount the company will consider eligible for payment, adjusted for a specific region or geographical area.

Please see the Policy conditions for a comprehensive description of the covered benefits and of the conditions that apply to the insurance.

WAITING PERIOD

In the event of an acute and serious illness or injury, the coverage will start immediately from the policy commencement date. For other conditions, there will be a waiting period of 4 weeks, with the following exceptions:

- If you switch to Bupa from another international health insurance plan with another company, the coverage will come into effect immediately on the policy commencement date.
- The waiting period in connection with pregnancy and childbirth is 10 months.

HOSPITALIZATION

For many years, we have worked with hospitals throughout the world and are thoroughly aware of the practical circumstances that must be in place prior to a hospital admission. If you wish, we can take care of the details in connection with planned or non-acute admissions.

If you are hospitalized, we can issue a payment guarantee - matched to the coverage you selected. The bill can then be sent directly to us, enabling you to concentrate on getting better.

In the event of emergency admission, we should be notified as soon as possible in order to avoid misunderstandings about the insurance coverage. Please state the date of admission, diagnosis, treatment and expected date of discharge.

Expenses in connection with the notification of a hospital admission will be refunded by Bupa (for example, your call to Bupa from another country).

OTHER TREATMENT

Out-patient treatment, such as medical consultations and exams, should be paid by the policyholder before claiming reimbursement.

To claim reimbursement for out-patient treatment expenses, you must submit the official, original and itemized bills and receipts together with a completed claim form, indicating the diagnosis and your policy number. Upon receipt of the completed claim form we will process your claim and reimburse you in U.S. dollars (US\$).

AIR AMBULANCE

Regardless of the circumstances, you must inform us before transportation takes place, either directly or through the treating physician. Air ambulance services must be pre-approved by the company. In consultation with the treating physician, our medical consultants will choose an alternative place of treatment. We will take care of every detail to ensure that the transportation and hospitalization are managed as efficiently as possible.

TABLE OF BENEFITS

Expenses will be reimbursed according to the following rates. Benefits will be paid when the total reimbursable amount exceeds the selected deductible. The Table of benefits forms part of the Policy conditions. Please read both the Table of benefits and the Policy conditions carefully and review the glossary at the end of this Membership guide, where certain terms are defined or explained further.

All amounts are expressed in U.S. dollars (US\$).

All reimbursements are paid in accordance with the Usual, Customary, and Reasonable (UCR) fees for the specific service. UCR is the maximum amount the company will consider eligible for payment, adjusted for a specific region or geographical area.

If the company decides to make a payment to which the insured is not entitled under the insurance, the insured accepts it as a one-time decision only. The company is not waiving any of the policy conditions, and the company is not obligated in any way to continue making payments for similar or identical treatments not covered under the insurance. Ex-gratia payments will still count towards the insured's annual maximum coverage, per person, per policy year.

- 12.3** In addition, the company is entitled to seek information about the insured's state of health and to contact any hospital, physician, etc. who is treating or has been treating the insured for physical or mental illnesses or disorders. - 13.3** Where upon taking out the insurance or subsequently, the policyholder and/or the insured has fraudulently changed original documents or disclosed incorrect information or withheld facts which may be regarded as being of importance to the company, the insurance contract shall be void and shall not be binding on the company.
- 13.4** Where upon taking out the insurance or subsequently, the policyholder and/or the insured has disclosed incorrect information, the insurance contract shall be void, and the company shall not be liable if the company would not have accepted the insurance if the correct information had been disclosed. If the company would have accepted the insurance but on other terms, the company shall be liable to the extent to which the company would have undertaken the obligations in accordance with the agreed premium.
