## YOUR COVERAGE

Premier 1 Silver includes coverage for hospitalization services, out-patient surgery, childbirth, and non-hospitalization benefits.

The insurance will also cover your expenses for emergency air ambulance transportation to the nearest appropriate location, if you have a serious acute illness or serious injury and there is no qualified place of treatment locally.

If you live in or travel to remote areas and you wish to increase the coverage for air ambulance services you can take out the air ambulance supplement.

In case Premier 1 Silver is not exactly the coverage you need, we have a range of other products available. Please feel free to contact us or our representative for further information regarding our product line.

## INSURANCE SUM

There is an annual maximum of US\$250,000 in Premier 1 Silver coverage per person, per policy year. There is no lifetime limit, and the maximum overall coverage is renewed every policy year regardless of the number of claims you have presented.

## CHOICE OF DEDUCTIBLE

There is only one deductible per person per policy year and this applies to all services.

The premium level is determined by the deductible chosen, and the higher the deductible is, the lower the premium will be.

You are free to choose any of the following deductible amounts (in US\$):

Deductible US\$			
1,000	2,500	5,000	10,000

In case of a serious accident that requires immediate hospitalization for 24 (twenty-four) hours or more, no deductible or co-insurance shall apply for the period of the first hospitalization only.

## CO-INSURANCE

Co-insurance is the part of the medical bills you must pay on each hospitalization that takes place in the United States of America and Canada. This means that once the deductible and the specific limits have been applied, the company will reimburse 80% of the first US\$5,000 and 100% of the remaining balance.

## WHY CHOOSE PREMIER 1 SILVER?

---

The unique concept of Bupa is continuously being innovated to accommodate the sophisticated requirements of our clients who live, work, and travel in an international environment.

While keeping our administration simple and straightforward, our medical schemes are highly flexible and embrace all the benefits you would expect from the very best international health insurance plan. Our main priority is to have satisfied clients who can feel secure whatever their situation.

### LIFETIME GUARANTEE

---

People of all nationalities who have not reached 75 years of age are eligible to apply. Once accepted, you will have guaranteed lifetime renewability, no matter how your state of health may change. Even if you develop a chronic condition, your coverage will continue unchanged.

### WORLDWIDE COVERAGE

---

You are covered anywhere in the world and there is no limit on the time you can spend abroad, whether you are travelling on business or on holiday or if you have homes in several countries.

### FREE CHOICE

---

Because our plans are truly international, you can choose to have treatment anywhere in the world. You are in charge when it comes to choosing a hospital, clinic or any qualified doctor or specialist you wish to consult. We do not limit your choice through networks, but we can give you advice on appropriate places of treatment for specific illnesses or the names of generally recommended hospitals and specialists.

### OCCUPATIONS AND ACTIVITIES

---

Whatever your work involves or wherever it may take you, you will be covered. There are no restrictions on hobbies or sports of any kind, even if conducted on a professional level.

### PRE-EXISTING CONDITIONS

---

You can be insured regardless of most pre-existing conditions, possibly with a premium loading or with an exclusion. Our medical staff evaluates whether the insurance will cover the condition. In very rare cases a previous medical history may result in your application being rejected.

### CHILDREN

---

A child who is born of a parent who is eligible for maternity coverage, is automatically enrolled in the parent's policy irrespective of the child's state of health at birth.

Even congenital and hereditary conditions will be covered. Upon becoming an adult the child may choose to continue the insurance on a separate policy under the exact same conditions without having to undergo new medical underwriting.

## THE INSURANCE CARD

---

Each insured person will receive a personal identification card. You should always carry your card with you, as it serves as proof to the hospital of your health insurance and can prevent any discussion about payment.

On the back of the insurance card you will find the telephone number for the 24-hour Emergency Service together with information about other ways of contacting the company.

# YOUR REIMBURSEMENT

Before reimbursement can be paid out, you must meet the deductible you have chosen. Therefore, when presenting a claim, the reimbursable expenses up to the current maximum benefits will be first applied to your deductible. After that, reimbursements will be paid to you in accordance with the Table of benefits.

In the event that the hospitalization takes place in the United States of America or Canada, the co-insurance will be deducted from the reimbursement.

Please note that all reimbursements are paid in accordance with the Usual, Customary, and Reasonable (UCR) fees for the specific service. UCR is the maximum amount the company will consider eligible for payment, adjusted for a specific region or geographical area.

Please see the policy conditions for a comprehensive description of the covered benefits and of the conditions that apply to the insurance.

---

## WAITING PERIOD

---

As a general rule there is a waiting period of 4 weeks from the policy commencement date before coverage will be effective. However, there are certain exceptions to this rule:

- If you transfer from another equivalent international medical insurance, the 4-week waiting period will not apply.
- In the event of injury or serious acute illness, you are covered immediately.
- Expenses related to pregnancy and childbirth are covered when the insurance has been in effect for 10 months.

---

## HOSPITALIZATION

---

If you are hospitalized, we must be notified immediately either by yourself, your family, your physician, or the hospital. We must receive a medical report including date of first symptom, date of admission, diagnosis, treatment, and the expected date of discharge.

When notified in advance, we will send a guarantee of payment to the hospital in accordance with the coverage you have chosen. We will then settle the bills directly with the hospital, and you can concentrate fully on your recovery.

From our many years of experience of working with hospitals, we know that there are many practical details to be dealt with before being admitted to a hospital. If you wish, we can take care of the details of the admission procedure in connection with non-acute hospitalizations.

---

## OTHER TREATMENT

---

Non-hospitalization treatment, such as medical consultations and exams, should be paid by the policyholder before claiming reimbursement.

The original and itemized invoice indicating the diagnosis and your policy number should then be sent to the company together with a completed claim form.

Upon receipt of the completed claim form we will process your claim and reimburse you in U.S. dollars (US\$).

- Official, original and itemized bills and receipts
- A completed claim form

Upon receipt of the completed claim form, we will process your claim and reimburse you in U.S. dollars (US\$).

# TABLE OF BENEFITS

---

Expenses will be reimbursed according to the following rates. Benefits will be paid when the total reimbursable amount exceeds the selected deductible. The Table of benefits forms part of the Policy conditions. Please read both the Table of benefits and the Policy conditions carefully and review the glossary at the end of this Membership guide, where certain terms are defined or explained further.

All amounts are expressed in U.S. dollars (US\$).

All reimbursements are paid in accordance with the Usual, Customary, and Reasonable (UCR) fees for the specific service. UCR is the maximum amount the company will consider eligible for payment, adjusted for a specific region or geographical area.

- 1.5** In the event of a change in the applicant's state of health after the application has been signed and before the company's approval thereof, the applicant shall be under the obligation to notify the company of such change immediately.

## ART. 2 COMMENCEMENT DATE

---

- 2.1** The insurance shall be valid as of the date on which the application is approved by the company. The date of commencement is stated in the policy schedule. The company may agree on another date with the policyholder.

## ART. 3 WAITING PERIODS IN CONNECTION WITH NEW INSURANCE CONTRACTS

---

- 3.1** When a new insurance contract is entered into, the right to reimbursement under the new insurance contract shall only take effect 4 (four) weeks after the date of commencement of the insurance. However, this does not apply when the policyholder can prove simultaneous transference from an equivalent insurance with another international health insurance company.

- 3.2** In the event of acute and serious illness and serious injury, the right to reimbursement shall, however, take effect concurrently with the date of commencement of the insurance.
- 3.3** However, for pregnancy and childbirth and consequences thereof the right to reimbursement shall only take effect 10 (ten) months after the date of commencement of the insurance.
- 3.4** The insured may change his/her insurance coverage to another type of coverage as from a policy anniversary by giving one month's written notice to the company and subject to proof of insurability according to Art. 1.
- 3.5** The company will process the extension of coverage as a new application in accordance with Art. 1.

---

- 6.1** The insurance shall cover the insured's medical expenses in accordance with the coverage chosen and the applicable reimbursement rates. The valid reimbursement rates are stated in the Table of benefits.
- 6.2** Reimbursement shall be paid following the company's approval of the expenses as being covered by the insurance after a fully completed claim form with original, receipted and itemized bills enclosed has been submitted to the company.

- 6.3** Once the covered expenses have met the annual deductible, the reimbursable amount will be paid. The deductible shall be reduced with amounts not exceeding the maximum reimbursement rates specified in the valid Table of benefits. The deductible shall apply per person per policy year. Each hospitalization in the United States of America and Canada is subject to co-insurance. Once the applicable deductible and specific limits have been met, the company will reimburse 80% (eighty percent) of the first US\$5,000 (five thousand dollars) and 100% (one hundred percent) of sums in excess of US\$5,000 (five thousand dollars) up to the relevant reimbursement rates.
- 6.3.1** When a benefit has a maximum reimbursement rate, the expenses will first be applied to the selected deductible. Once the expenses exceed the deductible amount, the company will pay the difference between the amount of expenses applied to the deductible and the total expenses up to the benefit limit stated in the Table of benefits.
- 6.3.2** In case of a serious accident that requires immediate hospitalization for 24 (twenty-four) hours or more, no deductible or co-insurance shall apply for the period of the first hospitalization only.

- 6.5** In no event shall the amount of reimbursement exceed the amount shown on the bill. If the insured receives reimbursement from the company in excess of the amount to which the insured is entitled, the insured shall be under the obligation to repay the company for the excess amount immediately, otherwise the company will set off the excess amount in any other account between the insured and the company.
- 6.6** Reimbursements shall be limited to the usual, customary and reasonable charges in the area or the country in which the treatment is provided.
- 6.7** Any discount, which has been negotiated directly between the company and providers, will be specifically used by the company for the overall benefit of the insured persons within the insurance product as a whole.
- 6.8** Any ex-gratia payments are entirely at the company's discretion. If the company decides to make a payment to which the insured is not entitled under the insurance, the insured accepts it as a one-time decision only. The company is not waiving any of the policy conditions, and the company is not obligated in any way to continue making payments for similar or identical treatments not covered under the insurance.
- Ex-gratia payments will still count towards the insured's annual maximum coverage, per person, per policy year.
- 6.9** Prostheses (excluding prosthetic limbs), corrective devices, and medical appliances will be covered 100% (one hundred percent) when they are medically required and implanted during surgery. Coverage for prosthetic limbs is limited to the maximum benefit described in Art. 6.9.1.
- 6.9.1** Prosthetic limb devices include artificial arms, hands, legs, and feet, and are covered up to a maximum of US\$30,000 (thirty thousand dollars) per person, per policy year, with a lifetime maximum of US\$120,000

Replacement of the prosthetic limb is covered only when anatomical or functional change or reasonable wear and tear renders the item nonfunctional and non-reparable.

Initial coverage, repair, and/or replacement of prosthetic limbs must be pre-approved by the company.

**6.10** Coverage for transplantation of human organs, cells, and tissue is provided up to the maximum amount payable stated in the Table of benefits, after the applicable deductible. This transplant benefit begins once the need for transplantation has been determined by a physician, has been certified by a second surgical or medical opinion, and has been approved by the company, and is subject to all the terms, provisions, and exclusions of the policy. This benefit includes:
